

## **AG-311 50/50 Soil Blend**

AG Organics offers a variety of Blended Topsoil mixes for various planting conditions. Our AG-311 50/50 Soil Blend Topsoil starts with a base of a fine screened sandy loam topsoil blended with our fully composted organic compost.

AG-311 50/50 Soil Blend is used with new or existing planting such as, trees, shrubs and turfs areas giving the nutrients and minerals needed to provide sustained plant health.

### **PLANTING RECOMMENDATIONS:**

Remove unfavorable existing soil and replace at depth needed.

### **INGREDIENTS:**

50 % Sandy Loam Topsoil  
50 % Fir Shavings
